

The Council on Safe Transportation of Hazardous Articles, Inc.

COSTHA

COSTHA At A Glance

The Council on Safe Transportation of Hazardous Articles, Inc. - (COSTHA) is a not-for-profit industry association devoted to promoting regulatory compliance and safety in the international and domestic transportation of hazardous materials. COSTHA represents shippers, carriers, container manufacturers, training companies, and related businesses and associations responsible for more than \$3 trillion in international commerce.

Founded in 1972, COSTHA is a *member-responsive organization that incorporates and promotes education, growth and development. COSTHA is the leading provider of information, publications, and educational programs designed for regulatory compliance personnel and others working in the transportation of hazardous materials. COSTHA brings ongoing advocacy and up-to-date information to the dangerous goods transportation industry.*

Membership consists of a large cross section from all aspects of the hazardous materials transportation industry including chemical, automobile, pharmaceutical, cosmetics and fragrance manufacturers as well as freight forwarders, shippers and carriers by all modes. The diverse membership is rounded out by consultants, dangerous goods trainers and container manufacturers and reconditioners.

COSTHA holds consultative status and actively participates at the United Nations Committee of Experts on the Transport of Dangerous Goods. COSTHA provides input on proposed regulations and is in frequent contact with the US Department of Transportation, the US Coast Guard, US Environmental Protection Association, Transport Canada and other regulatory bodies.

COSTHA Members
